## NFPA & METRIC CUSTOM ROD END CLEAVES

TRADITIONAL STANDARD NFPA & METRIC ROD END clevises are also available which contain a straight clevis pin

**Custom self-aligning rod end clevises for ease of cylinder installation.**

### FEATURES INCLUDE:

- Self adjusting to piston rod threads - no jam nut required
- Lock down - non rotating clevis provision
- Lubricated pin with pin bushing
- Non rotating pin

### FEATURES INCLUDE:

- Precision dimensioned block for heeling into keyslot.
- Trunnion pin with bushing with lubricated I.D. to prevent steel to steel galling.
- Bushing collar which provides lubricative wear surface and prevents galling.

## NFPA & METRIC CUSTOM TRUNNION MOUNTING BLOCK

**NFPA  
NAAMS  
VDMA 24-562  
DIN-ISO-6431**

### OTHER NFPA AND METRIC CYLINDER ACCESSORIES:
